Dear Supervisors:

**APPROVE THE SETTLEMENT AND BUSINESS ASSET ACQUISITION
AGREEMENT IN CONNECTION WITH THE TOPANGA LIBRARY PROJECT
122 NORTH TOPANGA CANYON BOULEVARD, TOPANGA
(THIRD DISTRICT) (3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the proposed Settlement and Business Asset Acquisition Agreement to acquire all of the right, title and interest in the business concern commonly known as the Topanga Rug Company, Inc. (TRC), which will be displaced from its adjacent business leasehold premises as a result of the County of Los Angeles' (County) construction of a new library building and related improvements (Library Project) located in the Topanga area.
2. Instruct the Chairman to execute the original attached Settlement and Business Asset Acquisition Agreement with the owners, Barry and Dianna Hornig, to acquire the TRC.
3. Approve payment from The Topanga Library Project (C.P. No. 77484) and authorize the Auditor-Controller to issue a warrant as directed by the CEO to pay for this settlement and business asset acquisition in the total amount of \$127,048.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to approve the attached Settlement and Business Asset Acquisition Agreement which is intended to resolve all issues between the County and TRC arising from TRC's displacement from its entire leasehold business premises in connection with the County's construction of the Library Project and authorize payment to TRC of \$127,048 under the Relocation Assistance Program. In granting its conditional approval of the Library Project, the California Department of Transportation (Caltrans) has required that certain off-site traffic mitigation road improvements be made on Topanga Canyon Boulevard, the street fronting the library site. The improvements include the construction of a new 12-foot deceleration lane which is expected to provide safer access to and from the library site for both automobile traffic and pedestrians.

In order to implement the Caltrans' mandated road improvements, the adjacent landowner will transfer certain land interests to those governmental agencies involved in constructing and maintaining such improvements. In support of the deceleration lane, the adjacent landowner is donating at no cost to the County, a sight distance and landscaping easement which is intended to enhance the sight line as traffic approaches the library site.

The granting of this easement will require the complete demolition of the TRC's business premises, comprising approximately 1,000 square feet of retail and related usage space. The resulting demolition will ultimately displace the TRC from its entire leasehold business premises. After considering relocation options, the TRC subsequently determined that such displacement will directly result in the complete and permanent closure of its business operations.

The proposed settlement will enable the County to resolve all of its issues and obligations with regard to the benefits afforded the TRC under the relocation assistance program (pursuant to local, state and/or federal rules, regulations and/or procedures) and allow the County to proceed with the acquisition of the sight distance and landscaping easement from the adjacent landowner.

Implementation of Strategic Plan Goals

The Board's approval of the recommendations is consistent with the County's Strategic Plan Goal of Fiscal Responsibility (Goal 4) since construction of the Library Project represents an investment in public infrastructure. It is also consistent with the goal of Service Excellence (Goal 1) because the Library Project will provide improved library services to the residents of the community.

FISCAL IMPACT/FINANCING

On October 11, 2005, your Board approved an estimated total budget for the Topanga Library Project in the amount of \$12,595,000. Sufficient appropriation for this recommended settlement is available in the Fiscal Year 2007-08 Capital Project No. 77484 budget.

The project budget is being funded with \$4,741,000 of Third District Capital Project Funds, \$403,000 of Third District Road Funds, and \$7,451,000 allocated for Enhanced Services for Unincorporated Areas.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Library Project was approved by your Board on April 22, 2003. At that time, the County had identified a 0.62-acre site that was owned by Los Angeles County Waterworks District No. 29 (District) located at 122 North Topanga Canyon Boulevard in the unincorporated community of Topanga (Topanga Property).

On November 25, 2003, your Board approved the adoption of a Resolution of Necessity authorizing the institution of an eminent domain action to condemn the Topanga Property. To avoid protracted legal proceedings arising from an eminent domain action, the parties negotiated an option agreement to purchase the Topanga Property in lieu of condemnation.

In 2005, the Public Library was informed that the project was not awarded a State Library Bond Act grant. However, the Third District was able to allocate sufficient funds from its 2005 budget to proceed with the project. On September 29, 2005, your Board approved a total project budget of \$12,595,000 for the Library Project.

On December 19, 2006, your Board approved the acquisition of the Topanga Property for the purchase price of \$340,000. The transaction was consummated and the County took possession on January 23, 2007.

Caltrans has granted conditional approval of the Library Project mandating that certain off-site road improvements be constructed on Topanga Canyon Boulevard. This includes construction of a new 12-foot deceleration lane. In association with the deceleration lane, the adjacent landowner has agreed to grant at no cost to the County, a sight distance and landscaping easement which is expected to enhance the sight of drivers and the safety of pedestrians as traffic approaches the library site.

The County's acquisition of this easement will require the complete demolition of the adjacent landowner's leasehold building structure comprising approximately 1,000 square feet of space and ultimately displacing the tenant, TRC, from its entire leasehold business premises. After considering the viable relocation options and the financial ramifications associated with such relocation, TRC subsequently determined that the displacement would directly result in the complete and permanent closure of its business operations.

Pursuant to the benefits afforded TRC under the relocation assistance program, which includes local, state and/or federal rules, regulations and/or procedures, the parties negotiated a buy-out of TRC based upon the fair market value of \$127,048, as determined by an independent valuation consultant.

The negotiated settlement agreement is intended to resolve all issues arising from TRC's displacement and the subsequent permanent closure of its business operations. The acquired inventory will be handled pursuant to the County's procedures governing disposal of surplus personal property.

ENVIRONMENTAL DOCUMENTATION

Environmental documentation is not applicable to the proposed action.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The proposed action will not have an impact on any current County services or any other planned or approved project.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, the Parties agree as follows:
